

# DAWSON'S 2025/26 BETA INTERNS

BETA is an internship program for young adults ages 18-24 who sense a calling to vocational ministry and desire intentional preparation for a life of service to God's Church and God's people. Through mentorship, prayer, and hands on ministry experience at Dawson and beyond, participants receive personalized guidance as they grow in clarity of calling and ministry skill. Interns and residents gain robust exposure to the creative, relational, and visionary dimensions of ministry—including preaching and teaching, discipleship and mentoring, and leadership and planning—while receiving ongoing feedback and coaching in a church community deeply committed to investing in the next generation of leaders.
